### ***Reviews***

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

## DROMEDARY COOK BOOK (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Dromedary Cook Book We take this opportunity of presenting to the American Housewife a collection of recipes which have to do with a class of food products but little known. The dietetic value of such fruits as dates, figs, currants, etc., is a high one and these fruits should appear on our tables at least once a day. The brands mentioned are all standard and some of them have been on the market for the last twenty-five years. The recipes are all based on the use of the best grades of the various products and these brands stand for the highest quality as well as for absolute cleanliness of pack. Any good fruit dealer or grocer can supply them. The recipes which we have published in this little book have been selected from a large number submitted in our prize contest held in 1910. They have been thoroughly tested and we hope will meet with the approval of all who have occasion to use them. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
