I have made no inquiries among farmers regarding it, but where I have examined it it has been of a dense growth and yielding fully as well as red clover. Since writing the above this morning I have been out on the street interviewing some of the many farmers as they are on their way into the city with their loads of potatoes, apples, pork, beef, poultry, hay, and all sorts of country produce, and there was not a single one of the many I asked about crimson clover but either raised it or knew about it, and with one exception spoke highly of it, and some of them, knowing that I am a bee-keeper, said the bee, like it too. The exception referred to is one of the slip shod kind of farmers, and he said it didnt amount to anything for the ducks and geese had run all over it all summer and kept it close to the ground, and it didnt amount to anything, but one of my boys had a nice crop of it, and several of my neighbors had nice fields of it, but mine didnt amount to any thing. I asked him if the ducks and geese seemed to get much from it He said, yes, but it didnt grow tall like the neighbors but it is still green. Alfalfa. About four weeks ago, while Mrs. Mason and myself...
