Programs that somehow manage to be both complex and imprecise are offered as the path to effective leadership. But is being a good leader really all that complicated? Are there intricate techniques to be analyzed, mastered, and applied? Or, is it that great leaders are born, not made? The answer to these questions is, absolutely not. With The Shipbuilder, speaker and business leader Jack Myrick shares five simple, time-proven principles that, are guaranteed to make you an extraordinary leader.
