Kites: Shapes in the Air: Reason with Shapes and Their Attributes

By Jordan LaFette

Rosen Classroom, United States, 2015. Paperback. Book Condition: New. 203 x 201 mm. Language: English . Brand New Book. Shapes are everywhere, and understanding their attributes is an essential part of third-grade math education. A comprehensive introduction to geometry is told through relatable narratives and real-world situations, teaching readers how to recognize geometric principles in everyday life. Appealing visuals and age-appropriate content work together to reinforce complex math concepts. Kites come in many different shapes, and readers discover how to use the attributes of these shapes to categorize them. This volume meets CCSS Math Standard 3.G.A.1.

The ideal ebook i possibly study. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
