Brand New Book ***** Print on Demand *****.Excerpt from Christ in Modern Life: Sermons Preached in St. James s Chapel, York Street, St. James s Square, London The main thought which underlies this volume is outlined in the first two sermons, and is this: that the ideas which Christ made manifest on earth are capable of endless expansion, to suit the wants of men in every age; and that they do expand, developing into new forms of larger import and wider application in a direct proportion to that progress of mankind of which they are both root and sap. If we look long and earnestly enough, we shall find in them (not read into them, as some say) the explanation and solution not only of our religious, but even of our political and social problems. Nor do they contradict the ideas which direct scientific research, nor those which have been generalised from the results of that research, but are in essential analogy with both one and the other.
