Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. In 1860 William Brewer, a young Yale-educated teacher of the natural sciences and a recent widower, eagerly accepted an offer from Josiah Whitney to assist in the first geological survey of the state of California. Brewer was not a geologist, but his training in agriculture and botany made him an invaluable member of the team. He traveled more than 14,000 miles in the four years he spent in California and spent much of his leisure time writing lively, detailed letters to his brother back East. These warmly affectionate letters, presented here in their entirety, describe the new state in all its spectacular beauty and paint a vivid picture of California in the mid-19th century. This fourth edition includes a new foreword by William Bright ( 1500 California Place Names ).
