Anness Publishing. Paperback. Book Condition: new. BRAND NEW, Creative Pop-up: A History and Project Book: A Fascinating Introduction to Paper Engineering, with 50 Step-by-step Folds and Projects, Trish Phillips, Ann R. Montanaro, This is a fascinating introduction to paper engineering, with 50 step-by-step folds and projects. You can discover the secrets of pop-up papercrafts with this illustrated guide. It opens with an absorbing history of movable books, from 13th-century volvelles to the sophisticated creations of today. It includes a dedicated section on materials, tools and techniques, with helpful advice on troubleshooting. It includes more than 30 step-by-step folds, ranging from simple V and A folds to complex twisting techniques. It offers a selection of inspiring and easy-to-follow projects that allow you to put the folds to use: make a pretty ballet dancer using the articulated technique or a cute frog in a splash by combining a V fold inside a circular tab-held shape. Movable books have delighted adults and children alike for centuries. This book explores their history, describing how paper mechanisms, such as pop-ups, tabs, rotating wheels and flaps, have been used in greetings cards, books and advertising. Following an informative chapter on materials and techniques, there are 50...
